Jess –

The discussion on the City's CSO program is scheduled for tonight's meeting. Overall, it's a kick-off meeting for one of the Council members to dialogue on a number of items, which may include the duties/role of the CSO and an inquiry on the integration between LASD and the CSO. Ultimately, my report is pretty vague other than mentioning that the CSO does not have a LASD radio and has not written any reports or taken any fingerprints yet.

I do know that the one Council member is interested in trying to have the CSO respond to unknown person calls in the community. He and I have had many chats about it and it's impracticality. Nonetheless, I do expect it to come up.

Give me a ring before the meeting if you have any questions.

Thanks,

Kevin
